

Google “free QR code creator” here are the top 3 search results:

<https://www.qr-code-generator.com/guides/how-to-create-a-qr-code/>

<https://www.the-qrcode-generator.com/>

<https://www.qrcode-monkey.com/>

Example for what QR code instructions could look like
TLW 12.13.2020

Note: There will be a unique QR code for your daughter in the DOC app starting January 15, 2021.
Until then, you can create one for her using the sites above.

Step 1: Make sure your daughter’s Digital Cookie site is set up for the season

Parents should receive their set up email from the council in December or January depending on when their sale starts.

Step 2: Copy your daughter’s Cookie Site URL from her welcome page

Emily's Digital Cookie Platform

Welcome, Jennifer!

Digital Cookie can help boost your sales, sharpen your entrepreneurial skills, and power unique adventures for you and your troop year-round!

My Cookie Site: Open for Business

Emily's cookie site url:

<https://DigitalCookie.GirlScouts.org/scout/emily379909>

Site setup approved: 10/16/2020 09:41 PM CDT

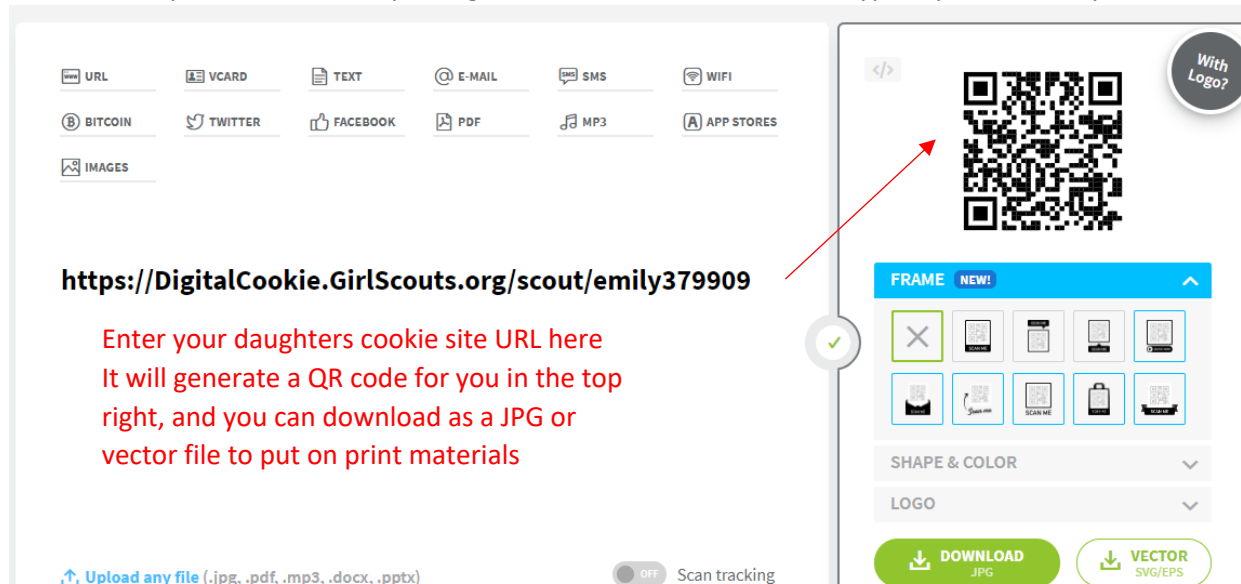

Orders to Deliver In Person

Approve for delivery: 0 Order(s)

Orders to deliver: 0 Order(s)

Step 3: Input your daughter's cookie site URL in the QR code generator
example below is from qrcodegenerator.com – instructions are typically user friendly

The screenshot shows the QR code generator website. On the left, there are various input options: URL, VCard, Text, E-Mail, SMS, WiFi, Bitcoin, Twitter, Facebook, PDF, MP3, App Stores, and Images. The 'URL' option is selected. Below these options, the URL <https://DigitalCookie.GirlScouts.org/scout/emily379909> is entered. A red arrow points from this URL to the generated QR code on the right. Below the URL, there is a red text instruction: "Enter your daughters cookie site URL here It will generate a QR code for you in the top right, and you can download as a JPG or vector file to put on print materials". The QR code is displayed in the top right corner. Below the QR code, there are options to download the QR code as a JPG or a Vector file (SVG/EPS). There is also a 'Scan tracking' toggle switch.

Customers can take their **SmartPhone**

Open their **Camera App**

Hover their phone over the image of the QR code

And be redirected to your daughter's digital cookie page to place an order

Note: iphone users will click on the message from safari that appears on top

How to creatively use a QR code that links to your daughter's Digital Cookie site

Insert them on the back or front of **DOOR HANGERS**
