Why Girl Scout Snacks & More?

Take charge of how you participate - online sales or paper order card! You will be selling nuts & chocolates, magazines, Tervis Tumblers, Barkboxes, personalized stationery, and the NEW scented candles to help fund your troop's activities! Participating in the Fall Product Program gives you a head start and great insights in planning for the upcoming Cookie Program.

Girl Scout product programs prepare girls with real world skills like:

Goal setting

Set goals with a troop or individually and create a plan to reach the goals together. Setting and learning how to reach goals are important to future entrepreneurs because it teaches girls to brainstorm, team-build, and cooperate along the way.

Decision making

Girls decide how to participate in the program and what to do with their earnings. The ability to make decisions leads to critical thinking and problem-solving skills for these future entrepreneurs.

Money management

Girls develop a budget, take orders, and handle customer's money. They gain valuable and practical life skills around financial literacy. All levels have financial literacy badges they can earn.

People skills

The troop members can talk about why people may or may not choose to buy Girl Scout products. They learn how to talk, listen, and work with all kinds of people. Our young entrepreneurs build confidence, healthy relationships, and conflict resolution skills.

Business ethics

Girls act honestly and responsibly during every step of the program. Their business ethics reinforce the positive values they are developing as Girl Scouts.

Also, the Girl Scout Snacks & More provides :

- Early troop funds - **14% Troop Proceeds! A 2% increase over last year!**
- Extra funding to council for program and financial opportunities
- Great practice for the cookie program (troops that participate in the fall and cookie programs have higher troop PGA than troops that don't participate in both)
- Easy to sell products
- **NEW FOR 2025!** Boost your troop cookie proceeds (that's right, Cookies!) with a crossover reward! Troops with a 70% participation rate for Girl Scout Snacks & More Fall Product Program and a \$375 PGA qualify to receive an extra \$0.05 per package sold during the Cookie Program!

- ❑ Troops must have turned in most recent annual treasury report.
- ❑ Troops must be debt-free.
- ❑ Failure to meet the above requirements will result in not having access to the M2 dashboard

Host Fall Product Meeting With Caregivers

- ❑ Hold a meeting with caregivers to explain the program opportunities and deadlines. Caregivers must sign a permission form in order to receive an order card. Keep these safe and do not lose them. Remember, caregivers are financially responsible for all units and turning in funds from the fall product program.
- ❑ Introduce new product & website information.
- ❑ Show all the new recognitions and patches the girls can receive by participating in the fall product program.
- ❑ Ensure caregivers get forms and are aware of the deadlines.

- ❑ Collect the completed permission forms before handing out the order card/any program materials.
- ❑ Share the M2 customer service number with caregivers if they want to inquire about the status of their girls' avatar patch (800) 372 - 8520

Plan & Conduct Meeting With Girls

- Teach the girls (and caregivers!) about the 5 skills - goal setting, decision making, money management, people skills, and business ethics - and show them how they develop each of these skills during the program.
- At the troop meeting, have girls discuss their personal and troop selling goals and what the troop would like to do with the troop proceeds they are going to earn!
- Put the troop goal in writing and discuss at future troop meetings.

During The Girl Scout Snacks & More

- Girls begin taking orders on September 16, 2025. No early selling please (consequence may result in a troop penalty of proceeds).
- Make sure to have entered troop bank information into M2. A “penny sweep” is scheduled for September 30, 2025. Missing bank information or any issues with the penny sweep will result in TPC losing access to M2 until the banking issue is fixed.
- Remind your girls and their caregivers of the order due dates. Let caregivers know you cannot wait for late orders.
- Collect orders from girls by your due date.
- Schedule enough time to concentrate on entering and verifying orders into M2.
- Contact your SUEC early to set up a time to meet or email customerservice@girlscoutsnv.org for help with order card entry.
- Enter girls’ orders in M2 before **9:00 PM PST, October 6, 2025.**
- Double check with caregivers to ensure all promise orders are included in the troops initial order.
- **No late orders will be processed for intial orders after October 9, 2025!**
- Pick up your troop order from the warehouse on **October 18, 2025.** Beginning the week of **October 6, 2025,** look out for a sign-up to reserve your spot!
- When product arrives, sort girl orders before allowing caregivers to pick up. They must count and sign for the product before leaving to confirm the order is correct. Make sure caregivers sign a receipt or a delivery ticket.
- Girls cannot pick-up the product! Only caregivers can sign for product! If you do not have a signed delivery ticket or a receipt from the caregiver, the troop product coordinator will be held financially responsible for the amount due.
- Remind all girls and their caregivers of troop money due dates.
- Set your due date several days prior so there is enough time to go to the bank to deposit the money. The first ACH sweep is **October 28, 2025.** The second ACH sweep is **November 12, 2025.**

End Of Fall Product Program (Ends November 3, 2025)

- Collect remaining money from caregivers. Only accept money from adults and provide receipts for all transactions.
- Product transfers and recognitions must be entered into M2 by **November 8, 2025.**
- If a caregiver is late, **DO NOT** wait for them to pay, complete and submit an Unresolved Debt form by **9 pm on November 8, 2025.**
- Council will contact the TPC once rewards arrive late December to coordinate pick-up.
- Unresolved Debt forms are due to council by **November 8, 2025.** When submitting the Unresolved Debt form, TPC must provide the caregiver permission form, all signed receipts (delivery tickets) and communications with caregivers about the balance due.
- Once an Unresolved Debt form is submitted, all payments need to be made to the council office.
- Deposit remaining funds into the troop bank account no later than **November 10, 2025** to prepare for final sweep on **November 12, 2025.**

Distributing Product & Handling Damage

Before Distributing Product

- Print 2 copies of the girl delivery tickets (see page 6 for details) for all the girls in the troop.
- To use, click on the delivery ticket link on your troop dashboard under the product management section. Go to the Girl Scout ticket section and create delivery tickets for all of the girls in your troop or one girl at a time. This will open a pdf of each girl's itemized product receipt. Print two copies of this report. If you are unable to print the delivery ticket you must use a receipt book and get all required signatures.
- Get products sorted and ready for distribution.
- Missing units: any units missing from a troop order need to be reported to your SUEC within 48 hours of pick up. There is no guarantee for replacement of the missing units past that time frame.
- Remind caregivers of your scheduled pick-up location, date and time.

Fall Product Distribution

- Only distribute to caregivers.
- Count each order with the caregiver accepting products. Count and recount until both of you are satisfied the order is correct. Verify product varieties by reading the names on the tops of the cans – some varieties have similar colored cans.
- The caregiver picking up product will sign the girl delivery ticket or receipt. Give a copy to the caregiver and keep the signed copy for your records (you may be required to submit with end-of-program paperwork if research needs to be conducted by council).
- Make sure to have a caregiver sign every delivery ticket or receipt that lists the product they are receiving!
- Remind caregivers to keep their products in a cool, dry place until products are delivered. (Do not store in personal vehicles or non-temperature-controlled rooms, such as garages).

Damaged Products

- Council and your SUEC are not responsible for units that are melted. Please take care of the product and remind caregivers to do the same. Store chocolate units at 65-70 degrees.
- Any chocolate that appears to be sun-kissed/chalky/melted/or previously melted product will only be replaced if the troop agrees to pay for new products.
- Contact your SUEC or council if you find damaged product like open units, smashed boxes, empty, or dented cans in your inventory. Any exchanges for damaged units will be for the same variety.
- You have up to 48 hours to report the damaged units.
- For any damages of products ordered online for direct shipping, please report to M2 at 1-800-372-8520.

Money Handling

Practice Financial Safety

Always Safeguard Your Money!

Do not keep large sums of money in your possession, in your vehicle, or at your place of employment. Troop Product Coordinators are responsible for securing money and ensuring payments are deposited for products. Council will not reimburse money or replace product stolen from homes, vehicles, place of employment, during booths, etc.

Receipts! Receipts! Receipts!

- Receipts are proof of who took products and who gave you money.
- A signed nut/money receipt is required for every transaction! A caregiver must sign a receipt every time money or product changes hands.
- Girls are not allowed to sign receipts!
- Only distribute product/accept money with a caregiver.
- You can get additional receipt books from your SUEC.
- Always retain a troop copy of receipts. Troops should keep money/product receipts for 2 years.
- Do not submit copies of product/money receipts, unless they are attached to an Unresolved Debt form.

Customer Payments

- Make sure caregivers/girls understand when payment is accepted .
- Payment is only collected when girls deliver nuts/candy - not at the time of order.
- With the exception of promise orders where the customer paid upfront online and requested in-person delivery.
- “Care to Share” (donation nuts and candy) payments should be accepted immediately as no product is being delivered to the customer.
- Customers can pay by cash or credit card.
- We strongly suggest that troops do not accept checks from customers. Council will not reimburse any bounced checks in the troop account.

Collecting Money From Caregivers

- Only collect money from caregivers.
- Set a date when all money is due. Remember to make it earlier than your ACH sweep date of **October 28, 2025** to give yourself enough time to visit the bank and deposit money. Remind caregivers multiple times during the program of your deadline.
- All money must be deposited into troop bank account before **November 12, 2025**. Plan ahead for bank closure -Veterans Day is November 11, 2025. If a caregiver misses your troop deadline, complete a Unresolved Debt form.
- Keep records of all payments made by caregivers. Be sure to have the caregivers sign a receipt for all product they receive and all money that they give to the Troop Product Coordinator.
- Do not accept checks as payment from caregivers as it is not an accepted customer payment. Council will not reimburse any bounced checks in the troop account.
- If council deadlines are missed or less money is turned in than is due without an Unresolved Debt form and all required documentations, the Troop Product Coordinator will be responsible for the amount due.

Deposits

- Remember to make deposits frequently into the troop account.
- If your troop is unable to collect and deposit the amounts owed to council, you must alert council 48 hours before the sweep by emailing **customerservice@girlscoutsnv.org**. Council will hold your account and assign the troop a make-up date. If the make-up ACH date is unable to be met, the troop will enter a payment plan with council.

Money Handling

Practice Financial Safety

Unresolved Debt Forms

- If a caregiver has an outstanding balance due to the troop, the troop should submit a Unresolved Debt form to council by **November 8, 2025**.
- The delinquent account form removes the responsibility of collecting the money due to the troop and allows council to step in and help the troop! Once the form and all required documents have been turned in, council will start the process of collecting the amount due from the caregiver.
- Council will reimburse up to \$250 per caregiver for an unresolved debt due to the troop. Council will reimburse up to a total of \$500 per troop for unresolved debts from caregivers.
- Council attempts courtesy calls to the caregiver with the balance to let them know they need to submit payment to council by a certain date. If they have not submitted payment by the due date or set up a council approved payment plan, their account will be turned over to collections.
- Again, once a caregiver is turned into council for collections he or she will need to make their payments to council.
- What does that mean for your troop?
 - If the Unresolved Debt form is submitted by **November 8, 2025**, the troop's final sweep will be adjusted down.

ACH/Bank Account Sweeps

- An ACH sweep is the debit system used to pay for your product. There will be one test and two ACH sweeps throughout the fall product program.
 - **September 30, 2025** - Troop Test - Penny sweep
 - **October 29, 2025** - Initial ACH - 50% due to council
 - **November 28, 2025** - Final ACH - Remaining balance due to council

Re-Orders

- Remember to order products by individual item not by the case. There will be a very limited supply of product available through council for re-orders.
- To place a re-order, submit request via the re-order form. Re-orders are not guaranteed and are filled in the order they are submitted. TPC will select re-order pick-up date and time.
- Troops are responsible for all products they order and receive. No returns.
- When picking up the product, allow yourself plenty of time. Count the products and agree on the count before you sign.
- Recommended: have a print out of the re-order to verify count against council records.

Girl Scout Practices

Always Put Your Best Foot Forward

Cupboard Etiquette

- Be on time. Be considerate, a sister to every Girl Scout, and respectful to all.
- If a troop no shows, they will be held accountable to pay for the units ordered and will face a re-stock penalty of \$15 per case.
- Please keep in mind it is a courtesy for council staff or volunteers to help load your vehicle. Be prepared to load your own units.

2025 ONLINE SELLING POLICY (GSUSA)

- The Girl Scout Cookie and Fall Product Programs are girl-led programs and online marketing and sales efforts should always be led by a girl while also being supervised by her caregivers. For extended policies and safety, please read the “Product Program Safety” tab in volunteer essentials. Notable points include:
 - Online marketing activities, especially those conducted through social media platforms, should always be done through accounts set to “private.”
 - Links should not be shared on public-facing online sites. Sharing to news/media outlets is also prohibited.
- GSUSA and GSSNV reserves the right to intervene and request removal of a post in violation.
- The consequence for these violations is the temporary shut off of the Girl Scout selling platform until the post is removed. If refusal to remove the post, girl rewards can be affected.
